

Pull Back & Kick Bars

Pull Back Bar

- Makes easy work of pulling out from under loads.
- Can be used on any style hand truck w/E1L or E1E style stair climber.
- Lever is spring loaded to return tight to frame, keeping it out of the way when not in use.

P/N	Description
E47	Pull Back Bar for E1L Stair Climbers
E47E	Pull Back Bar for ELE "Ergo" Stair Climbers

P/N	Description
E29	Pull Bar for E1L, E1E Stair Climbers - 0.63" Dia Aluminum w/Red Plastic Sleeve

Kick Bar

- Solid Steel or Extruded Aluminum Designs Available.
- Mounting position provides better leverage than using the axle.
- Smaller diameter kick bar leaves more room for boot when pulling out from under loads.

P/N	Description
E46	Steel Kick Bar for E1L Stair Climbers w/10" Wheels - 0.63" Dia
E46E	Steel Kick Bar for E1E "Ergo" Stair Climbers
