

# Heavy Duty Bulk Delivery Cart

**B&P industry leading 3 year warranty!**

- **Heavy duty aluminum design for lighter weight and won't rust like similar design steel carts.**
- **Lattice back unbolts and handles pull out to break cart down for easy storage and to keep shipping costs down.**
- **Folded deck design is angled towards the back 4 degrees to keep product from falling forward.**
- **Double walled, heat-treated handles with welded cross members for superior strength. Clip board holder on one end.**

- **Standard with 8" urethane wheels in center and 6" TPR swivel casters on corners in a tilt design for easy maneuvering in tight spaces.**
- **Full perimeter caster plates eliminates any risk of caster plates breaking off over time.**
- **2 full length stringers run under the caster plates to the ends of the deck for added support.**
