

"Silver Eagle" HTA-12

The "Silver Eagle" was designed with a large beverage distributor, and is ideal for sales and merchandising professionals.

Only 36" tall in the down position so it fits in trunks of cars and other small places. Telescopes to a full 55" with a simple flip of the clamp.

Exclusive design allows for easy break back of loads and excellent balance.

Curved back design allows movement of kegs.

300 lb capacity*

14" x 9" steel noseplate. Provides durability in a strong lightweight design.

Weighs only 24 lbs.

* Use only in fully extended position. Be sure clamp is secure to reduce risk of injury
